Share the Plate: Portland Area Villages, nominated by Clay Atkinson.

The January Share the Plate Recipient is Portland Area Villages whose mission is to provide support and empower seniors who wish to remain living in their homes as long as possible. This 501C3 organization is modeled after the Village to Village network but does not receive support from the network. Financial support comes from membership dues and from donations. Volunteers provide services, social connection, and activities for members. Examples of services include: transportation to doctor visits, grocery stores, hairdressers; light household assistance, light gardening and yard works and trash to curb for pickup. This allows both volunteers and the members they help to remain active, social safe and independent lives. Nominated by Clay Atkinson
